

Give Blood, Share a Bear With a Hug

Send Holiday Cheer When You Donate Blood.

Holiday Hugs is virtual this year. Donate blood in November and December and get a chance to send a special gift to a local patient. When you participate in Holiday Hugs, you could be giving two gifts in one-- the lifesaving gift of your blood donation and your uplifting holiday message.

Visit giveblood.org to learn more.

***For a limited time, The Blood Center will test all blood donations for the COVID-19 antibody in addition to our standard testing. This program may discontinue without advanced notice.**
